

FURAN FLEX

Commercial & Industrial Chimney Liner

UL US LISTED

FuranFlex® is a revolutionary solution for heat and corrosion-resistant lining of gas and oil heated chimneys. Its flexibility and ease of installation simply cannot be beat. For the ultimate in chimney lining, choose FuranFlex for your chimney lining needs.

- ✓ Tested and listed to UL 1777 standard for venting category I gas and oil fired appliances
- ✓ The 1st UL listed thermo setting resin composite chimney solution for dual fuel in the USA
- ✓ 100% success rate in over 100 of New York's largest chimney applications
- ✓ Free job-site delivery
- ✓ Same-day install date with support team on stand-by
- ✓ Specifically made for chimney and venting industries
- ✓ Utilizes every square inch of existing masonry chimney
- ✓ No down sizing flue diameter when relining
- ✓ The only solution for chimneys with offsets, bends and twists that is forged in a pressurized environment
- ✓ Bypass chimney offsets easily eliminating costly demolition when using other outdated lining solutions
- ✓ Stabilizes existing masonry structure from the inside out
- ✓ Proven for the last 25 years in Europe & Asia's most historical landmarks
- ✓ 2 types of thermo setting resin composites:
 - Black:** Low heat gas applications
 - Red:** High heat oil fired applications and dual fuel
- ✓ 10 year warranty on FuranFlex RWV
- ✓ 25 year warranty on FuranFlex Black

No one knows America's chimneys like Lifetime Chimney Supply. It's our company mission to manufacture and supply the best commercial and industrial venting systems that are both safe and efficient for all your venting needs.

ENDLESS LENGTH WHEN ATTACHED TO EXISTING CHIMNEY WALLS & UP TO 330' AS A STRAIGHT LINER
